

“Very mineral and citrus, grapefruit, slightly smoky, vibrant acidity with a structure that promises good ageing in the bottle. The soul of this wine lies in the unique combination of the Fonte Cal, Síría, Verdelho and Gouveio native grape varieties, from vines planted in purely granite soils with quartz veins, in the Douro River’s hydrographical basin, at an average altitude of 700 meters above sea level.

Excellent with shellfish, fatty fish and cured goat cheeses.”
